

Experience making rice and vegetables, and flying a drone in a terraced rice field with beautiful scenery

This region, called Usune in Numata city, Gunma Prefecture, has plenty of untouched nature and culture. In addition to cultivating rice in the beautiful terraced rice fields, you can climb Mt. Tokami and enjoy the 360° view.

A drone flight experience that allows you to enjoy a wide-terraced rice field with no obstructions. Additionally there are 15 other rural experiences, such as woodworking, charcoal burning, and vine work, that lets you experience the life of a farmer in this farmland lodging.

Please come and get a taste of a rural experience that's not found in the city, while enjoying the seasonal scenery.

Just 80 minutes from Tokyo Station by Shinkansen. A nice rural experience.

Easy to drop by, as its close to the city center.

Primarily run by local volunteers, with whom you can have wonderful, heartfelt exchanges.

Please be sure to visit Usune for a rural village experience.
